

Vehicle Auctions enhanced by Simulcast

ManheimFowles is Australia's largest remarketer of used vehicles. Specialising in the sale of vehicles for all levels of Government federal, state & local, financiers, fleet lease managers, vehicle manufacturers, dealers and the public.

ManheimFowles is at the forefront of technology development that enhance vehicle remarketing and increase returns and reduce costs.

ManheimFowles customers are benefiting from much larger buyer audience since simulcast has been introduced as an enhancement to existing auctions for passenger and commercial vehicles, trucks & salvage.

Our aim has always been to maximise prices and nett returns to sellers through attracting the widest possible buyer audience.

Simulcast auctions has delivered better returns in all auction sales including vehicle auctions.

ManheimFowles has introduced Simulcast throughout its nationwide network of auction locations.

Simulcast is available to both trade and public buyers anywhere in Australia and New Zealand. ManheimFowles' strategically located auction sites combined with a massive buyer data base allows us to promote your stock to the appropriate market for the best results.

As "Consignment Only" auctioneers, we own no stock of our own. That means we are purely acting as an agent – so our highest priority remains to provide an open and transparent service to the buyers and sellers using our auction service. Sell your vehicle knowing you have the largest audience across Australia and New Zealand.
